**Subject:** Re: MDE General Permit Information - CAFOs

Brian:

As of today, there are 419 CAFOs registered under the 09AF general permit and 84 CAFOs registered under the 14 AF general permit, totaling 503 registered CAFOs.

Gary,

Can you provide an update to the number of CAFO coverages under the General Permit? EPA Headquarters will be doing a mid-year inquiry on GP coverages on April 1<sup>st</sup>, so I need your updates by Thursday, March 31<sup>st</sup>.

Thanks,

Brian

**Subject:** MDE General Permit Information - CAFOs

Gary,

We're approaching our end-of-year reporting. Could you provide me with an update to your CAFO coverages and confirm the General Permit issue and expiration dates by next Wednesday, September 30<sup>th</sup>? It would be much appreciated.

Thanks,

Brian

**Subject:** Re: MDE General Permit Information

Brian:

Here is the information for CAFOs up to September 30, 2014. We will be registering another 30 to 50 or so CAFOs by the time the permit expires on November 30, 2014. Hopefully our renewal permit will kick in on December 1st and we'll start the process all over again. All of those that are registered are individually requesting that the current permit registration to be administratively extended. If they got the paperwork in on time, we will do that.

Folks,

It's approaching the end of the Federal FY and we are in need once again of current info regarding MDE's general permits. You have been very helpful in the past at providing us with updates on the number of facilities covered by these permits. Please review the attached and provide to me by **Tuesday, September 30th**, any updates on permit issue and expiration dates as well as the number of facilities covered (authorizations). Thanks for your help.

Brian
